

PLANNING BRIEF

India construction cost planning brief, 2026

Status: INDICATIVE. This is original general working material. It contains no verified client data, market benchmark, survey result, design approval, or professional advice.

How to use this resource

- This is a blank, evidence-led cost-planning brief - not a city benchmark and not a database of market rates.
- For each project, record the cost basis, location, date, specification, quantity basis, inclusions, exclusions, and source authority.
- Every sample figure must remain INDICATIVE until the project team has independently verified it against current supplier or tender evidence.
