

PLANNING BRIEF

Standards discipline review brief

Status: INDICATIVE. This is original general working material. It contains no verified client data, market benchmark, survey result, design approval, or professional advice.

How to use this resource

- This review brief contains no survey results and makes no claim about developer or contractor practice.
- Use it to map an organisation's stated standard requirements, evidence routes, review gates, exceptions, and accountable roles.
- If a survey is commissioned, document the sampling frame, questionnaire, response count, and limitations before publishing findings.

Evidence record

Project / package	Evidence source	Reviewer	Date	Status

Use only with project-specific verification. The responsible professional or contract administrator remains accountable for any decision made from this material.
